yes, strange that marcik recently update on your thread link a small status (better than nothing) about sputnik for AOS4 and now the bounty is canceled. I really don't understand.

He only made that status update because I begged him to do it. I have been bombed with emails asking for a status update and have been able to say nothing because Marcin couldn't say anything.

If marcik said, he need 2-3 months because MUI4, give to him some months more !!

And before that he needed 1-1.5 month more and before that he also needed more time.

and marcik, communicate more about sputnik for AOS4 (because bounty. People want to know what happened with the money). this fact really missing since months

Exactly, but the point is Marcin doesn't communicate anything.

1. Give back the money to marcik !!!.
2. Marcik communicate with AOS4 users with status for sputnik !!

1. Marcin never had any money

2. No comments.
