I would like to give my comment and at the same time a big thanks you 😊

@Denil

I have practically no problems at all with MUI-OWB and MUI in general. The work done by the MUI-OWB team and for MUI are extraordinary. You are all heroes for the amiga community !!!.

about the: a gazillion stupid impossible to find/reproduce/fix MUI related crap bugs. I have never seen one so dangerous that crash the amiga on my SAM until now.

Thanks for all for the work on MUI-OWB and MUI update. All users are now verry proud to use a modern browser with great GUI on their AOS4 computer.
