Hi AmiKit!

...Just touch it softly and rotate it out of the card profile.

Yes, I saw that here:

http://www.flashbay.com/products/cust ... J_mxaCPgK4CFbMAQAod1I_E7Q

But, mine didn't swivel out too easily. So, I wasn't sure. Doh... Now it's works OK after some serious tries.

Thanks for help!

Really ... Icaros Desktop LIVE! and Icaros Desktop LIGHT! imagine that!
