amigabounty.net is not dead. It may feel somewhat frozen at the moment. Troels is swamped and has a hard time keeping up. I've offered to help with the administration and convert to a USA Ebay account to help with some of the problems from that end, but have not had time either. :/

I'm trying to get my house ready to sell, then shop and buy and move a couple times. Not able to keep up with much of anything, and the wife is not happy that we won't be ready for a For Sale sign out front tomorrow as she had wanted. :( Going to be an insane month or few...
