URL:

There are some news from HunoPPC, first one he mostly revisited the entire website, now the games/programs are listed in a separate way, game released, games/programs in development and so on

<http://www.clubevolution4.com/HunoPortSDL/index1.php>

Under the open games section there are also the much awaited final release of Frogatto and a new puzzle game called HexGem !

### **Frogatto**
