And finally

Daily : a schedule manager (with sounds, command, popup) + notes application

Please read the ReadMe, I changed some stuffs in this one.

Alfkil, Samir (and SpotUP ;)):

It will be my last port, too much Qt programs are on OS4Depot.

Peoples will maybe be tired of all these stuffs. Me I am ;)

Now, I will only try to resolve format conversion on ClipGrab and flv2avi.

Bye
