No problem ;)

ClipGrab :

-updated on OS4Depot to add optimizations options during ffmpeg process for AVI MP4 and WMV.

Thanks to K-L who send me these options.

Ascii design :

-uploaded on OS4Depot.

Must work out-of-the-box as figlet and fonts are included in the package.

Thanks to figlet's SpotUP port.

Oops, I forgot to mention to don't press "Enter" key to make text...
