are you play this yt at 240p or 360p?

plus we have to remember you are using one core of two :)

On my G5 with MacOSX and last webkit if i use 4xG5 2.5 i can see smoth 2x 1080p videos on youtube without problem with html5 player if i use 2xG5 2.5 i can run video smoth only at 480p ...

Strange but true :P
