"I can't get Odyssey to save its settings without crashing. So whenever I try to use it, I have to change fonts, window size, screen, all over again."

Odyssey has settings?? :)

I guess I'm just way too basic for all that fancy stuff.

In 99% of the cases I run programs the way it installed.

If I can't trust the programmer to choose the best defaults, then who CAN I trust?

:) :)
