Yes, I value his games. I have donated twice and bought his games DVD.
I find his website hard to navigate, particularly the forum section. It is a mess. Because of this I avoid reporting issues there. If the forum section was better I would give more feedback.

* Are you still interested in gaming projects from Huno?

Yes!

* Do you play Huno's game ?

Yes but only when time allows. Some of the game genres are not for me.

* What could refrain you from playing or using Huno's games/apps ?

Limited time.

Lack of fast hardware 3D support in AOS4

Even on the X1000 things are slow because of the weak 33mhz PCI slot.
