* Are you still interested in gaming projects from Huno?

Yes of course

* Do you play Huno's game ?

Yes but not all games. It is normal that somebody don't like all games.

I have some favorite games.

* What could refrain you from playing or using Huno's games/apps ?

3D because i can't play this kind of games. I like some 3D games from Huno very much but i didn't downloaded them because i can't play them.
