\* Do you play Huno's game ?

I don't do much gaming these days anymore :-s but I've tried out some of the Huno games, and I've read about most of them when launched.

\* What could refrain you from playing or using Huno's games/apps ?

Free time, work and I don't play computer games like I did when I was younger (I prefer coding nowadays when time permits)...

\* Are you still interested in gaming projects from Huno?

Hell YES, of course!!! And thanks for all Huno's hard work he has put into all these games :)
